

# s-Panels

**Surfnet's newest**, state of the art, completely customizable platform. The s-Panels replace the standard static panels with a fully interactive panel that incorporates multiple activities into one intuitive, eye-catching experience.

**s-Panels** integrate various types of information or interactions such as video clips, photo quizzes and visual aids which can come to life on the panel and be moved, zoomed in on, or even written on and printed or e-mailed.

PhotoQuiz

Zoom

Draw

Keyboard

A fully integrated keyboard displayed on the touch screen allows users to enter their e-mail addresses to gain more information about the products featured.

**s-Panels** can be used for any type of interaction, either in-booth, directly in the field with sales reps or online!
